

# 721 Series

## Aggressive Single Liner for Stone

The 721 Series is designed for use in sandblasting with rough stone and other materials such as raw hardwood or brick. The single liner with clear mylar backing has aggressive adhesion with no need for filler.

Available for friction feed plotters, slot fed and tractor fed machines.

## Standard Widths

15"

30"

## Nominal Values

The following data are nominal values based on PSTC, ASTM and other standard tests. The data should not be considered as specifications.

Adhesive	High tack/Acrylic
Total Thickness (mil)	42 (1.07 mm)
Tensile Strength (lbs/in)	5.7 (25.90 N/25 mm)
180° Adhesion to Steel (oz/in)	46 (13.01 N/25 mm)
Elongation (% at break)	380
Liners	Clear PET outside liner

## Storage and Shelf Life

Store new stock behind current stock, in a clean, dry place. Temperature of 70°F (21°C) +/- 6°F and 40% to 50% relative humidity are recommended.

Shelf life is 12 months from date of manufacture.
